

NEXT-GENERATION LEAGUE MANAGEMENT

Our new league platform is built to save centers from tedious administration, while giving bowlers a smarter and more engaging experience of league play.

✓ Streamlined League Management

Less work, better output

✓ Real-Time Scoring and Live Standings

Instant updates for a richer experience

Be among the first centers to modernize league play.
Reach out to learn how we can reduce your workload and offer a better league experience, while saying goodbye to delayed standings.

Welcome to next-generation league management.

A modernized league experience

Our new cloud-based league platform simplifies everything, from setup to score reporting, and keeps bowlers connected with live scores and team standings.

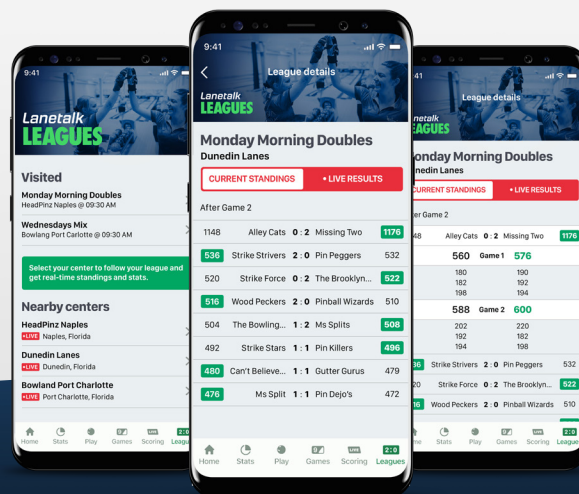

Less manual work. More time for what matters.

Run your leagues from anywhere with an easy-to-use platform, while players get real-time updates and performance insights directly in the LaneTalk app.

What's next?

Soon, you'll be able to message players, compare individual and team performance with PBA-level stats, and bring your league community to life.

Want to be the first to test it?

Reach out today to become a test center!
